

General BPUB Commercial Go-Green Rebates & Multi-Family Terms and Conditions

The following terms and conditions apply to all BPUB Go Green commercial rebate programs:

1. Programs may be modified or terminated at any time and without notice by the Brownsville Public Utilities Board (BPUB).
2. Rebate program is based upon fund availability.
3. Only BPUB electric customers may participate in the rebate program; BPUB water only customers may participate in the High Efficiency Toilet/Urinal rebate program .
4. Each participant must be served BPUB and be metered as a commercial customer.
5. Prior to issuing a rebate, BPUB shall conduct a site visit/audit to verify that the installed equipment is eligible for rebate. A rebate will not be paid if BPUB is not able to conduct the required pre and/or post site visit/audit or verification.
6. Installations must be completed in accordance with all laws, codes, permits and other applicable requirements under federal, state and local authority.
7. The participant is urged to seek appropriate consultation concerning any tax liabilities that may be associated with the receipt of the rebate.
8. BPUB will not assume any responsibility for the performance of the equipment or equipment warranty, the quality of the work, labor and/or materials supplied, and/or the acts or omissions of the participating contractor.
9. BPUB does not endorse, guarantee or warrant any particular contractor, manufacturer or installer.
10. No energy savings are guaranteed as a result of the purchase and installation of eligible equipment.
11. The participant is responsible for the rebate process, from initiation through completion. The Customer may designate an agent/primary contact; however, the Customer is responsible for ensuring that all rebate requirements, terms and conditions, and Program processes are strictly followed.
12. Customer is responsible for and must sign the Application and Terms and Conditions to participate in the Go Green rebate program.
13. Rebates are paid based on invoice for actual labor, material, and disposal costs for equipment retrofit/installations, not for other costs such as rebate management.
14. For each project, the rebate cannot exceed 50% of the total job costs, including equipment, installation, tax, etc. Confirmation of the total project cost is required.
15. The customer will receive their rebate 4 to 6 weeks from final program approval.
16. Any entity/customer cannot receive more than \$50,000 for energy saving rebates and \$10,000 for water saving rebates within the same fiscal year (October 1 - September 31).
17. Any entity/customer cannot receive more than \$25,000 for HVAC rebates and \$10,000 for Mini Split System rebates within the same fiscal year (October 1 - September 31).
