Subject: Addendum #1

REFERENCE: P029-24 Electrical Safety (Arc Flash) Training

This Addendum forms part of the contract and clarifies, corrects or modifies original proposal document.

Question 1: What would be the estimated group size and number of groups?

Answer 1: Each class will be approximately 20-21 participants with 6 groups or classes and a possibility of a make-up session, if needed.

Question 2: Who will be responsible for providing equipment (Breakers, Switchgear, etc.) for hands-on lab sessions (Grounding, Checking for voltage with non-contact meter)?

Answer 2: The vendor will need to provide all materials and training equipment.

Question 3: For the performance lab sessions, does the site have a spare / de-energized MV Air Switch and MV Circuit Breaker onsite?

Answer 3: No, Brownsville PUB does not have any equipment available. Vendor will be responsible to provide all the necessary equipment for the lab sessions.
