

BPUB Touch-A-Truck: Bucket Truck Ride Guidelines

Participation Process:

1. Bucket Truck Ride Announcements:

Announcements for bucket truck demonstrations will be made every 30 minutes during the event.

2. Bucket Truck Ride Drawing Procedure

- Upon each announcement, interested attendees should proceed to the bucket truck staging area.

3. Safety Assessment

- The safety coordinator will vet attendees interested in a bucket ride to ensure they meet safety requirements.
- Once cleared, attendees will be issued a ticket by the drawing coordinator.

4. Ticket Distribution

- The drawing coordinator will issue one ticket to each interested attendee.
- The drawing coordinator will place a matching ticket for each issued ticket into a tumbler.

5. Drawing Process

- When it's time for the scheduled ride, the drawing coordinator will draw one ticket from the tumbler.
- The attendee holding the matching ticket to the one drawn will be allowed to ride the bucket truck.
- The winning ticket will be announced three times, if no claim is made, then a new ticket will be drawn and announced.

6. Rides Limitations:

- The bucket truck operator must accompany riders
- All riders must be at least 48 inches tall
- Rides are limited to:
 - One adult over 18 years of age
 - or an adult and child no older than 13 years old
- Must wear appropriate footwear and clothing
- The rider's combined weight may not exceed 380 lbs.

7. Waivers:

- After each drawing, the winning rider(s) must complete a waiver form before participating in the bucket truck ride.

8. Redraw

- Riders who do not sign a waiver, refuse to abide by the rules or do not meet the ride requirements will forfeit their ride, and a new rider will be redrawn.

9. Safety Briefing:

- Before each ride, each rider must undergo a safety briefing to ensure all participants know the safety protocols.

10. Safety Equipment & Inspections

- Each participant will be secured with an appropriately sized harness and hard hat and directed up the safety railing.
- After each ride, the operators perform a safety check and prepare the bucket for the next ride.

11. The process will repeat each new announcement.
