To: All Vendors  
Subject: Addendum #1

**REFERENCE: B033-26 Re-Bid Road Service to Include Automobile Tires**

This Addendum forms part of the contract and clarifies, corrects or modifies original bid document.

**Question 1:** There are a couple of line items that you are asking for in a 16PR tires (small trailers) that are no longer made domestically. There are some with lower ply ratings in this size but not up to 16PR. These line items are 31, and 33. Likewise, line items 19 & 20 are manufactured by Firestone but will be labeled as Regency which is only built overseas. Line items 25,30, 32, & 34 do have manufacturing facilities in the United States, however some of these products can be shipped in as imports, depending on factory scheduling and product usage in the US.

**Answer 1:** For purposes of consistency and compliance with the bid specifications, the following requirements remain in effect:

**Ply Rating Requirements:** If a tire size specified in the bid is no longer available in the required ply rating, the vendor shall furnish an alternate product with the highest available ply rating for that size. Such alternates must be clearly identified in the vendor’s bid submission.

**Domestic Manufacturing Requirement:**  
All tires submitted under this bid shall be labeled as “Made in the USA.” In the event that a specific tire size and/or ply rating is no longer manufactured domestically, the vendor may submit an alternate product that carries the highest available safety rating, provided that the unavailability of a domestic option is documented and clearly stated in the bid response.

The signature of the company agent, for the acknowledgement of this addendum, shall be required. **Complete information below and return via e-mail to: [dsolitaire@brownsville-pub.com](mailto:dsolitaire@brownsville-pub.com).**

I hereby acknowledge receipt of this addendum.
